SUSPICIOUS MOVEMENTS.

Russia, Germany and Austria Concentrating Their Forces on the Frontier—Foreign News.

London, April 8.—A Vienna dispatch says that the Austrian government, not being re-assurred by Russia's denial of unfriendly designs, has already concentrated large bodies of troops at Tarnopol and Brody, to watch the Gallilean frontier. The Tenth corps, under Reinlander, has been reinforced by a portion of the first corps, and Prince Waindisch-Groetz, of the eleventh, is watching the frontier with a large force of cavalry. Count Hartenean, formerly Prince Alexander, of Bulgaria, who is now an officer in the Austrian service, has, it is stated, been called into consultation at the war office, with the view of utilizing his services in an important command. The Austrian authorities have great confidence in the abilities of the Prince, which were proven in the war between Servia and Bulgaria. It is said that the Austrain government has important information from Russia, which is the basis of the warlike precautions.

The German Kaiser has laid out a personal programme which apparently does not take into account an early declaration of hostilities. On the 22nd he is going to Wartburg for some blackcock shooting, and after spending a few days there he will proceed on a visit to Count Goerez, in Upper Hesse, to shoot on his estates. The emperor will not, as has been expected, go thence to Alsac-Lorraine. If he pays a visit to these provinces at all, this year, it will not be before September. It is to be noted, however, that twice as many officials have been detailed as during the Kaiser's shooting trip to Silesia, as messenger to carry any information from the chancellor to the Kaiser, during the absence of the post or telegraph. Apparently by some understanding with Austria, Germany has suddenly begun to increase the forces near the Russian frontier, and to hasten the completion of works intended to facilitate transportation of troops. All indications go to show that a Russian invasion would be met by formidable armies, whether first directed against Austria or Germany, or both countries at once. On the French side Germany has a series of fortress that could not fail to delay invasion long enough to give ample time for the concentration of an army.

Dublin, April 8.—A warm welcome has been given to Lady Zetland, wife of the viceroy of Ireland, and Miss Balfour, sister of the chief secretary of Ireland, who are now making a tour of Achil islands. In a number of places there had been erected triumphant arches bearing the legend "God bless Balfour and Zetland." The distinguished ladies conversed freely with the islanders, and Miss Balfour took photographs of numerous groups.

London, April 8.—It has been decided by the family of the late Prince Napoleon not to publish the political part of the Prince's will, which treats his eldest son, Prince Victor, with extreme severity. The dead prince, in this document, denounces his son as a traitor and a rebel, and commands him not to be present at his funeral.

Tipperary, April 8—Father Humphrey, the patriot priest, yesterday made a speech here, in which he opposed Archbishop Walsh's proposition to mediate between Landlord Smith-Barry and his tenants. The speaker declared that the tenants were already victors and did not need to sue for terms, which would be to follow tenants in other parts of the country. The father warned the men of Tipperary never to walk alone at night, lest the police should throw explosives and then arrest them as the guilty parties.

MOONSHINERS.

Dastardly Deed of a Masked Mob Who Seek Revenge.

Macon, Ga., April 8.—Monday night Washington Mulkey, of Gilmer county, was called to his door and shot by a band of masked men. Mulkey died in a few hours. Another victim of the masked men is Wm. Nailor, of the same place, who was taken from his bed and carried into the woods, where he was whipped most horribly. He was gouged in the eye with a gun barrel and his eye knocked out. He was warned to leave the state within twenty-four hours. Mulkey and Nailor were suspected of giving information to the revenue officers in regard to moonshine distillers.

Typhus Fever in New York.

New York, April 8.—Typhus fever, about the most contagious and deadly of diseases, has made its appearance in New York. An autopsy made yesterday upon the body of James Taylor, who recently came from Australia, showed that he had died of spotted typus fever, the most malignant type of the dread disease. He was not known to be suffering from the disease until after his death. As he was sick for days before in his boarding house and Bellevue hospital, there is ground for grave apprehension that the disease may spread.

After An Escaped Convict.

St. Paul, Minn., April 8.—The police of St. Paul are in hot pursuit of George D. Moore, the convict who made a sensational escape from the Ohio penitentiary at Columbus Sunday afternoon. A St. Paul detective saw him yesterday, shortly after the arrival of the Chicago morning train, and it is believed he will be in the toils before many hours.

OFF FOR ITALY.

Baron Fava Goes to New York and Will Sail Saturday.

New York, April 8.—Baron Fava, the Italian minister to the United States, arrived from Washington last night and went to the Victoria hotel. As far as is possible the baron is traveling incognito. His presence at the hotel was even denied by the clerk, with whom he had left word that no cards or messages should be sent to him. On the way over from Washington Baron Fava secluded himself as much as possible, and was very much surprised when he learned that many of his follow-passengers were aware of his identity, although many diplomats had accompanied him to the depot in Washington to say good bye. The baron, who seemed nervous and depressed last night, will sail Saturday for Italy.

A SON'S CRIME

Drives His Mother to Hide Her Shame in Death.

Louisville, Ky., April 8.—Mrs. Florence Long, boarding at 144 East Jefferson street, committed suicide last evening by swallowing an ounce of morphine. When discovered she was lying at full length upon the floor, and in her left hand she held, tightly clasped, a letter from her son in Texas, which stated that he was a prisoner in the state penitentiary. The letter expressed the deepest contrition for the act which brought about the writer's arrest, and pleaded to the mother for her forgiveness. Mrs. Long had been in financial straits, but a $200 remittance from a sister in New York relieved her temporarily. Her son in Texas, and her sister in New York have been notified of their relative's death.

Dr. Jordan.

Crawfordsville, Ind., April 8.—Although it has not been officially announced it has been definitely known for several days that the presidency of the Indiana state university, recently made vacant by the resignation of Dr. Jordan to accept the presidency of the Stanford university, would be offered, and likewise accepted, by Prof. J. M. Coulter who now occupies the chair of biology in Wabash college. The matter has been a source of much regret, especially to the students, who with whom he is a great favorite, and yesterday afternoon they met and passed resolutions asking for the resignation of President Tuttle and the election of Professor Coulter as his successor.

A New Gas Field.

St. Mary's, Ohio, April 8.—Natural gas in large volume was struck yesterday near St. Mary's. The well is now registering 4,000,000 feet a day and the gas is under high pressure. The strike has caused great activity among the oil and gas men of the district and many leases of farms have already been made.

STILL IN DOUBT.

The Result of the Chicago Election Indicate a Very Small Small Plurality—Other Elections.

Chicago, April 8.—The municipal election, which took place in this city yesterday, was the most exciting in the history of the Garden city. All the candidates had representatives at the polls and fights were numerous. Up to the noon hour to day the returns leave the situation in great doubt. It now appears that the plurality will not exceed 200 either way. The democrats are now claiming Creiger's election by a small plurality.

Mayor Creiger declared emphatically at 1 o'clock this afternoon that he had been re elected "despite the treachery of those who should have been his friends." "We have figures," he said, "indicating that the final result will show that the straight democratic ticket has won. I have the most confidence in the outcome. Legal returns will certainly be in our favor."

Comptroller Onahan also gave as his opinion that the final result would show a democratic victory. He gave out the following statement for publication: "It is believed Creiger in elected, but it will take the complete returns to determine conclusively."

The republicans claim to take no stock in the claims of a democratic plurality, as based on the returns of the seven missing precincts received just before noon, and they claim that Washburne is elected by at least 700 plurality. They say the democrats are trying to help the gamblers to hedge on their bets.

St. Louis, Mo., April 8.—The entire democratic ticket for members of the city council was elected yesterday. The members-elect are: Nathan M. Flesh, William Culline, Charles James, Chas. E. Wobener, Wm. T. Anderson and Albert Arnstein. The democrats also elected eighteen members of the house of delegates, the republicans nine and independents 1. The average democratic plurality was 7,000.

Kansas City, April 8.—The result of the election in Kansas yesterday, as shown from the latest returns, indicate that the following cities and towns were carried by the republicans: Topeka by a small majority, Kansas City by a greatly reduced majority, Atchison, Ottawa, Clay Centre, Garden City, Lawrence, Holten, Great Bend, Eureka and Beloit.

Leavenworth and Wichita were carried by the democrats by a greatly reduced majority. Abeline, Yates Centre and Arkansas City elected the anti-alliance ticket. In Dodge City the anti-prohibition ticket was elected. Ottawa elected candidates from all of the tickets. With the exceptions of Kansas City, Topeka and Leavenworth, the women's vote was very light. They manifested the greatest interest at Topeka, where a proposition was submitted to vote $30,000 in bonds for the deficit in the county expenses of the school fund, which received the united support of the women. Out of the registered vote of 2,740, 2,300 women voted.

Parkersburg, W. Va., April 8.—H. S. Wilson, democrat, was elected mayor yesterday. The democrats made a clean sweep, also electing the four councilmen.

Schenectady, N. Y., April 8.—Everett Smith, republican, was elected mayor yesterday, by over 400 majority, a gain of 900 votes for the republicans. The republicans also elect a majority of the supervisors and aldermen.

Denver, Colo., April 8.—For the first time in her history Denver to-day has a democratic mayor and the event is being celebrated,as it has never been since the election of Governor Alva Adams. The exact figures can not yet be announced, as the returns come in slowly. The Rocky Mountain News puts Rogers majority at 1,500, while at the Republican office last night the figures were stated at from 4,000 to 5,000. From various points in the state the returns show that yesterday's was a democratic land slide, the gain for the party being fully 35 per cent.

At Central City, the home of Senator Taylor, the four councilmen elected were democrats and in Grand Junction, the entire democratic ticket was elected. At Colorado Springs the mayor elected is a republican, but the councilmen are divided. At Trinidad the democrats had it all their own way.

San Diego, Cal., April 8.—The republicans elected their whole ticket by a small majority in the municipal election.

Dallas, Tex., April 8.—A heavy vote was polled at the municipal election yesterday. The total vote was 8,470, over 2,000 more than the vote of the last election. The present incumbent, Mayor Conner, was re-elected by a majority of 500. Mr. Force was elected police judge.

Leadville, Col., April 8—The republican candidate for mayor, Mr. C. Noutz, has been elected by a majority of 650. The remainder of the republican ticket was elected by small majorities.

Columbus, Ohio, April 8—The elections in Ohio Monday were municipal entirely, but the politicians are studying the result for bearings upon state politics. It is generally conceded that the result of Cincinnati was largely due to the trouble between Governor Campbell and the board of public works of that city. The republican victory in Cleveland was probably due entirely to other causes, chiefly local, but the result in Cincinnati certainly indicates that Governor Campbell will meet with strong opposition for renomination from Cincinnati.

Little Rock, Ark., April 8—All towns in Arkansas elected city officers yesterday. Returns from Camden, Cottonplant, Prospect, Clarksville and Benton show that straight democrats have been elected. In Little Rock there was no opposition to the straight democratic ticket except in the Third ward, the returns from which will not be in for several days.

Pueblo, Col., April 8.—The vote cast in this city yesterday was the largest ever polled in municipal elections. The result is not known yet owing to the large amount of scratching indulged in.

Albuquerque, N. M., April 8.—In yesterday's election the republicans were successful. They elected a mayor and five out of the eight aldermen.

GOOD TEMPLARS.

To-day's Session of the District Convention.

The district convention of the Good Templars resumed their work this morning at the A. O. U. W. hall on Calhoun street. A number of papers were read, among which were interesting ones by Miss Grace Collins, of Huntington, and J. W. Porter, of Anderson. The discussion on these and the transaction of district business occupied the time until the noon hour. This afternoon the convention is hard at work. A place for the next meeting of the convention will be selected at 4 o'clock this afternoon and Union City will probably capture the prize.

To-night Grand Chief Templar I. S. Wade will deliver a lecture at the Simpson M. E. church. To morrow night he will speak at the Wayne street M. E. church, when an effort will be made to form another lodge in this city.

The convention will adjourn this evening.

NEGRO TOUGHS

Kill a Policeman for Attempting to Arrest Him.

Birmingham, Ala., April 8.—At Blocton yesterday morning Marshal Anderson and Policeman Albert Woods made a raid on a negro crapp shooting den. As the officers entered the place Charley Dansby, a noted tough, shot Woods through the heart, killing him instantly. A pitched battle ensued between Anderson and the other toughs in which he killed one. The others escaped.

Senator Edmunds Resigns.

Hyde Park, Vt., April 8.—Governor Page yesterday, upon receiving Senator Edmunds' resignation, sent a reply to Mr. Edmunds, expressing sincere regret at his action in behalf of himself and the people of Vermont, and assuring him that in severing his official relations to the state he does so enjoying the full assurance of gratitude, respect and the affection to which his long and eminently distinguished services entitle him.

Washington, April 8.—Senator Edmunds was asked last night for a statement of the reasons for his resignation, "I have resigned," said he, "from personal considerations solely. It is a pure matter of health. I can not live in Washington during the winter. I suffer from throat trouble and the climate is too severe. I hold that a senator should attend to his duties and if I can not remain in Washington constantly I prefer to resign. I shall spend the winters in Akin, S. C., visiting Washington occasionally to attend the sessions of supreme court when I have business before it."

The Kincaid Trial.

Washington, April 6.—In the Kincaid trial this morning District Attorney Cole consumed the time up to recess with his argument. The court will re-assemble at 1:30 p. m., and it is expected the case will be given to the jury at 3 o'clock this afternoon.

Washington, April 8—The war department to-day sent an order to General Ruger, commanding the department of Dakota, assigning him to the command of the division of the Pacific, with headquarters at San Francisco. He relieves General Gibbons, who retires on the 20th, on which day General Ruger will assume command of the Pacific division.

Grand Jury After Them.

New Orleans, April 8.—The grand jury yesterday began the official inquiry to the killing of the Italians on March 14. Attorney General Rogers has charge of the investigation. Among the witnesses yesterday were W. S. Parkerson and James D. Houston, two of the men who were on the committe which took charge of the "disposition" of the Italian prisoners.

WILL IT BE MURDER?

Flagman Strunk Thought to be Dying From Injuries Inflicted by His Assailant, Louis Spanley.

Amidore M. Strunk, flagman for the Pennsylvania railroad company, is thought to be dying in his room at the Monroe house, from injuries inflicted by Louis Spanley, a young fellow who resides in Bloomingdale. Last Monday evening, as Strunk emerged from the World's museum, in company with a young lady, he was jostled by Spanley. When Strunk protested the offensive Spanley attacked him, knocking him down, and afterward jumping up and down on his abdomen in a most fiendish and brutal manner. Strunk was conveyed to his room, where he has been gradually growing worse. The young lady who was with him at the time of the assault has been a faithful attendant at the injured man's bedside. This morning Dr. George C. Stemen was summoned to attend Strunk and he found him in a critical condition. He said to a Sentinel reporter: "I doubt if Strunk can recover. He is sinking and his internal organs refuse to perform their functions. Peritonitis of a severe character has set in and the worst may now be expected, as the internal inflammation is very severe."

The injured man was married some years ago, and had his home at Pierceton for a time. It is claimed by some that the assault grew out of the companionship of a certain woman.

Young Spanley is at present confined in the county jail under $500 bond. Prosecutor Robinson is investigating this afternoon. He said that the young man is safely in the hands of the law and if an attempt was made to enter bail the bond would be increased to $5,000. Deputy Prosecutor Emerick said: "Young Spanley is the tough who figured in a riot not so very long ago, and he is vicious."

BERRY STREET.

The New Pavement Will Not Be Commenced for Six Weeks.

Captain F. V. Green, vice president of the Barber Asphalt Paving company, will be in the city Friday to confer with J. M. Wright, superintendent of the company, relative to the contract for the Berry street improvement. The new Berry street pavement can not be commenced until the latter part of May owing to the regulation tedious course that must be gone through before the contract is virtually finally settled with the council. Superintendent Wright said to a Sentinel reporter to-day: "The company has a plant southwest of the city that was built when West Wayne street was laid and there will be a speedy prosecution of work when once commenced. We also expect to get quite a number of private contracts while we are laying Berry street."

BARRETT'S UNFINISHED WORK.

Death Intervenes and Prevents One of the Greatest Theatrical Events.

New York, April 8.—Lawrence Barrett left unfinished at his death one of the largest theatrical undertakings that this country has ever seen. This was a dramatic festival to be held in New York in 1892 and for which twenty weeks had already been booked at the Broadway theater. It was Mr. Barrett's intention in this festival to present Shakespearian and other classic dramas on a scale of unsurpassed magnificence. He had already secured a contract from Miss Anderson and had not negotiations been broken off by the sudden death of the tragedian it is probable that Mr. Irving and Miss Terry would have consented to take part in the proposed festival.

A Prospective Strike.

Lincoln, Neb., April 8.—The trouble among the Burlington switchmen is spreading to all departments and last night there was every prospect of a general strike all along the line. The police are now guarding the company's property.

Omaha, Neb., April 8.—The Burlington and Missouri railway switchmen of this city have followed the example of those at Lincoln and have struck. New men are being put in their places.

General Spinola Dying.

Washington, April 8.—General Spinola's condition this morning caused more apprehension than at any time since his illness. The consultation held this morning was very discouraging. The physicians have succeeded in reducing the fever, but the general is now in an extreme state of exhaustion and the physicians fear he has not enough vitality to recover.

Killed by Electricity.

Kansas City, Mo., April 8.—Thomas Beard, a Santa Fe employe, while passing over the bridge between North and South Argentine, reached above his head and caught hold of an electric light wire. The current passed through his body and killed him instantly. His hands were burned almost through by the wire.

Elevator Burned.

Minneapolis, April 8.—The Dis[illegible] elevator burned to day. The loss [illegible], half on the building and half on the contents, fully insured. It contained hay, corn, oats, buckwheat and three cars of flour.

FIREMAN KILLED.

Charles Ostmann, a Nickel Plate Fireman, Meets a Horrible Death This Afternoon.

At 1 p. m. to-day at Burr Oaks, Ind., Charles Ostmann, a Nickel Plate fireman, was instantly killed while in the performance of his duty.

Ostmann was a married man, residing at 36 Burgess street, in "Nebraska," this city.

A widow and several children survive him.

He was also a brother-in-law of City Clerk Rudy C. Reinewald.

The remains will arrive this evening.

BARNUM'S OPINION OF CHRIST.

A Letter From the World's Greatest Showman to Rev. Northrop.

Rev. S. A. Northrop, the pastor of the Baptist Tabernacle, has been engaged for some time past in collecting material for a book, the manuscript of which will soon be in his publishers' hands, entitled "The Personal Views of Eminent Secular Thinkers of Christ and the Bible." It will probably contain two or three hundred pages and will give the opinions of many of the distinguished men of the world, statesmen and men eminent in other professions than the ministry, concerning Christ and the Bible. He already has a large number of letters from eminent men of Europe and America, and among them is one which was received from P. T. Barnum, the great showman, whose death occurred last evening at Bridgeport, Conn. The letter is as follows:

Bridgeport, Conn., Dec. 8, 1888.

Rev. S. A. Northrop, Fort Wayne, Ind.:

Dear Sir—Christ was sent into the world by our kind Father in heaven to teach that "God is love;" that love is the fulfilling of the law; and to turn us away from our transgressions by showing us that the "way of the transgressor is hard" and always will be as long as we transgress, but that charity, unselfishness, and a Godly, noble life is filled with joy and peace; that at last the almighty Father, being almighty and being our Father, will bring about universal harmony, universal holiness, universal happiness, not forcibly but by all sorts of parental persuasions and parental chastisements, sometimes very severe, but administered for the correction and profit of His erring children.

The old Bible I believe to be as correct a history as could have been found in remote ages—containing accounts of various lives and experiences by which we ought to profit. The new Testament abounds in testimony of the undying love of Christ for all, and especially for the poor, the unfortunate, and the erring. His mission was to bless them, teach them, and save them from their sins by reconciling them to their Heavenly Father—and not in reconciling Him to His created human beings—for He was never unreconciled. His mercy extendeth over all his works, and endureth forever. At the last all things will be subdued to their creator, who saw the end from the beginning, and who will be [illegible].

P. T. Barnum.

A FORGER FOILED.

Charles Parent, a Green Hand at Signing Other People's Names, is Foiled—Court News.

Charles Parent, a young man, is a prisoner in the county jail awaiting trial on an affidavit for forgery made out by Prosecutor J. M. Robinson to-day. Yesterday Parent sold to Waugh, the agricultural dealer, a note for $56, signed by DeGraff and Horace Herrick. It soon became evident that the note was a forgery. Sheriff Viberg and Deputy Al Black traced the forger to Maysville, where he was taken into custody. This morning the prisoner sent the following to his father, Hiram Parent, who resides at Independence, Kas.: "Father, come to Fort Wayne at once. I am in jail. Your friends said you should come here." The prospects for young Parent to spend a season or two at Michigan City are very favorable.

Lucy Peterman filed an affidavit against Viola Myers charging the latter with profanity. A warrant was issued and placed in the hands of Constable Wise, but Viola skipped to Michigan, whereat Wise mourns. Noter skipped to Chicago and his father is trying to settle the case.

HAPPY HEARTS.

Miss Alice Vordermark and Mr. J. N. Grisso Married at Grace Church.

Grace Reformed church was the scene of a beautiful marriage ceremony last evening when Miss Alice, daughter of John W. Vordermark and wife, became the bride of J. N. Grisso, of Springfield, Ohio. The bride and groom-elect were escorted in separate trains to the altar, the bride leaning upon the arm of her father, while the groom was attended by Rev. Clark Miller, of Tower Hill, Ind., his "best man." They walked down the aisles to the strains of a wedding march played by Miss Julia Wilson. At the altar the couple were received by Rev. A. K. Zartman, who pronounced the holy words that made them man and wife. The ceremony was profoundly impressive, and the immense audience kept in breathless suspense till it was over. The ushers were D. Grubb, Charles Sigmund, William Klinkel and George B. Humphrey. A grand reception was tendered the many guests at the home of the bride's parents, 301 East Washington street. Mr. and Mrs. Grisso left on a wedding trip after which they will go to Springfield to reside, Mr. Grisso being a successful merchant there. Among the relatives in attendance at the wedding was Miss Ella Grisso, a sister of the groom.

Ogden, Utah, April 8.—The contractors who are building the Methodist university want to see the Rev. Sam Small, its president. He is in the east lecturing, and H. S. Franklin sent this blunt dispatch to him on Sunday: "Account for the funds intrusted to you or will begin legal proceedings." He sent back a defiant reply and threatened a suit for libel.

SPRING is here in reality.

LOCAL politics are growing very interesting.

THE beauty of paved streets is our city just now.

CHICAGO elects Hemstead Washburne, republican, as mayor.

ATTORNEY-GENERAL SMITH, in an opinion, holds that county commissioners should be convened in special session to approve the bonds county superintendents are required to give under the new law. But he is of the opinion that a superintendent would not invalidate the title to his office if he filed his bond with the auditor without the commissioners being present to approve it.

THE municipal election at Evansville was a drawn battle. The democracy elected three councilmen and the treasurer, water works trustee and one member of the board of public works. The republicans captured three councilmen and the surveyor, and two members of the board of public works. The new council will stand nine democrats and three republicans. McDonagh, democrat, was elected treasurer by two votes.

THE late Andrew W. Thomas, of Warsaw, some years ago found himself with a large amount of unavailable assets on hand and considerable indebtedness, and he entered into an agreement with the Methodist Foreign Missionary society, by which he deeded his property to the society, and the society met his indebtedness and agreed to pay him $1,000 annually and his wife $500, they to retain a good house and lot during their natural lives, free of cost. The real estate held by the society is valued at $80,000.

THE Chicago Inter Ocean gives an interesting sketch of the organization and growth of the Grand Army, which had its origin at Decatur, Ill., April 6, 1866, the compilers of the first ritual being Major Stephenson, surgeon of the Fourteenth Illinois Infantry; Chaplain W. J. Rutledge, Robert J. Woods and Mr. Phelps. The ritual was shown to several veterans and so pleased those who saw it and the object that a post was formed as above stated: The first department formed was that of Illinois, and the first encampment was held at Springfield, Ill., July 12, 1866.

ATTORNEY-GENERAL SMITH is looking up for the state tax commission an answer to a query as to whether certain kinds of property is not subject to taxation under the new law. The puzzling section is No. 6 of the new law, which provides that church property shall be subject to taxation so long as it is not used exclusively for church purposes. There are quite a number of churches throughout the state that are not used exclusively for religious purposes, and assessors have been unable to decide whether or not they should be listed for taxation.

P. T. BARNUM DEAD.

P. T. Barnum, the great showman, is dead. His death occurred last evening at his home in Bridgeport, Conn. Mr. Barnum's illness and confinement to the house began twenty-one weeks ago and during this period there have been frequent fluctuations in his condition. The change for the worse, which occurred last night, was, however, so much more pronounced than the previous attacks had been, that the attending physicians became convinced that the great showman had but a few more hours of life left. Mr. Barnum suffered a good deal of pain and seemed to realize that he could not live much longer, but spoke of his approaching end with calmness. His death was caused by degeneration of the muscles of the heart. He was eighty-one years old.

THE DEMOREST CONTEST.

Eight Contestants Compete for the Prize Medal Which Is Won by Miss Grace Collins, of Huntington.

One of the most interesting features in connection with the district convention of the Order of Good Templars, which has been in session in this city yesterday and to day, was the Demorest contest for the silver medal, which took place last evening at the Simpson M. E. church. There was a large audience present and the exercises were of a most interesting character, being interspersed as they were with a number of excellent musical selections from some of Fort Wayne's best and sweetest singers. The presiding officer was J. W. Porter, of Lafayette, the chief templar of the district. The evening's program was opened by the reading of a part of the fortieth chapter of Isaiah by Rev. J. M. Driver, which was followed with prayer by Rev. D. Markley. A select choir, composed of the Misses Carrie and Lillian Schraeder, Rev. E. H. Shanks and Mr. O. N. Robinson, with Miss Fannie Hurlbert as pianist, then sang a beautiful selection, when Miss Kittie Polhamus, of this city, the first contestant for the Demorest medal, took the platform.

Her subject was "Home versus Saloon." The question of the destruction of the liquor traffic, she said, was one of supreme importance and lifts itself above all others because it has to do with the protection of the home. The saloon is the enemy of the home and tends to tear down everything that is good and noble and destroy domestic happiness. She drew vivid word pictures of its ruin in this respect and said any government which did not protect its home was not the government it ought to be. The only way to protect thousands of homes in this country is to destroy the saloon, and this can only be done by prohibition. It is the duty of the men when they go to the polls to drop in their ballots against the rum traffic and vote for men and measures that will give us a prohibitory law. Her production was the best of the evening, magnificently spoken, and should have won for the young miss the prize offered in the contest.

The next speaker was Miss Lena Hiler, of this city. Her theme was, "How to Curtail the Liquor Traffic?" It was a brilliant, argumentative and at the same time humorous production. She drew a picture of a mad dog running through the streets of a city, biting everybody and every creature with which it came in contact, and setting them mad in turn. What shall be done with the mad dog? Shall we be content to cut off its tail? Will that stop the evil? And yet that is just what we are trying to do with our half-way measures in regard to the liquor traffic. A mad dog with his tail cut off is just as hard to regulate as a mad dog with a tail a yard long. If we want to prevent the harm done by the mad dog the proper thing to do is to cut off his tail just behind his ears. The liquor traffic she compared with the mad dog. The only way to curtail its ruinous effects is to cut off its head right behind its ears. Absolute prohibition is the only thing that will control the infamous liquor traffic. Miss Hiler is a pleasant, graceful declaimer and her production was one of the best exercises of the evening.

Miss Hattie Baumgarner, of Huntington, the next contestant called by the moderator, gave a recitation. Judging by the interesting and pathetic story it told, the title was "The Dram Seller's Wife and Home." It was recited in a most magnificent manner and won for the handsome young miss, who has the ability to become an elocutionist of a high order of merit, the enthusiastic applause of the audience.

"Prohibition the Ultimatum," was the theme dwelt on by Miss Lida Spaulding, of Fort Wayne. Intemperance, she said, is the curse of the nation. I bring against it the charge of destroying our homes, of filling our alms houses, of peopling our jails and our prisons, of furnishing the victims for our gallows and of spreading crime broad cast throughout the land. There is absolutely no need of the saloon. It is the foe of man and the destroyer of happiness. It is a commercial sham. It does not give value received. It takes the money of its customers and gives only ruin and death in return. It is a monster and brings vice and crime and misery. The only way to rid our country of the evil effects of intemperance is to crush the saloon—Prohibition is the ultimatum. Miss Spaulding delivered her production with forcible effect. Her gestures, her voice and her manners on the stage were admirable, and sent the arguments she advanced home to her audience with convincing force.

Miss Clara Lucas, of Huntington, was the next speaker. Her subject was "License an Outrage." The saloon, she said, was the embodiment of all that was evil. It has connected with it the gambling den, which lures young men and old to ruin. In the war against this enemy there should be no compromise. High license is the white flag of truce. Do not not compromise with the saloon. It is like compromising with the panther or cyclone. Fight the rum traffic to the end. The prohibition party will increase in numbers until it will hold the balance of power in this country. I expect to see the day when the United States will have a prohibition president. Clear the track! The prohibition train is coming. God is stronger than the devil, and this demon of rum will meet its Waterloo.

Mr. Harvey Hatfield, of Huntington, was the only gentleman competing for the medal. His subject was, "The Enormity of the Liquor Traffic." He pictured in glowing terms the terrible ruin that was being wrought by strong drink. It is a murderer; blighting homes and sending death to thousands. Its only mission is ruin, and we should deal with those who are engaged in the liquor traffic as criminals. Treat them as we do other criminals. This is the only way to stamp it out. Moderation will not do. Only strong and decisive measures will crush the terrible evil.

The next contestant was the winner of the medal, Miss Grace Collins, of Huntington. She selected as her performance a very interesting and pathetic recitation entitled "The Martyred Mother," and delivered it in an excellent manner. Miss Collins is a fine elocutionist and wears the honors that came to her in a very graceful and becoming manner.

The eighth and last speaker was Miss Cora Woodbury, of Union City. Her subject was, "Patriotic Prohibition." She discoursed on the evils of intemperance. It is the fell destroyer, she said, of our homes, our happiness and the greatest enemy of our country. Its evils cannot be overestimated, for its withoring, blighting curse is on all and it spreads ruin and desolation everywhere. The traffic in intoxicating liquors should be prohibited by the strong arm of the law, and it should be fought at the ballot box. She closed with a strong appeal to the young men to avoid the wine cup and to work and vote for prohibition.

This closed the contest, and the judges, I. S. Wade, of Lafayette; A. T. Spielman, of Crestline, Ohio, and Mrs. L. R. Cole, of Warren, Ind., handed in their markings that the averages might be made. While the committee retired, a selection was rendered by the quartet, which so pleased the audience that an encore was given. The attendants were also favored with a piano selection by Miss Getz, and a duet, "The Land of Swallows," by the Misses Schrader.

The decision of the judges was then rendered, and the general averages given by them were as follows: Miss Kittie Polhamus, 8.6; Miss Lena Hiler, 8.6; Miss Hattie Baumgarner, 8.7; Miss Cora Lucas, 8.5; Harvey Hatfield, 8.2; Miss Grace Collins, 8.9; Miss Cora Woodbury, 8.7.

After the announcement, Miss Collins, of Huntington, the successful contestant, was called forward, and in a few well chosen remarks, Rev. Driver presented to her the medal.

Will Test the Pool Law.

NASHVILLE, Tenn., April 7.—It is understood that a number of men who have heretofore conducted pool rooms in this city will open on the Memphis races and endeavor to make books, the object being to test the constitutionality of the act recently passed by the general assembly confining all betting on races to the tracks on which the races are in progress. The old law gave the pool men the right to open books at any place on races run in the state, but the new law gives them no such right.

May End in a Duel.

ROME, GA., April 7.—The husband of Mrs. Dietz, whose evidence was so damaging to Mrs. McKee, has called out Col. Geo. W. Fry for satisfaction because of remarks by the latter in his argument. The colonel denounced Mrs. Dietz as worse than a "can can dancer." Dietz's demand is blood or a public apology. Colonel Fry is known to be a man of nerve and a good many persons look forward to a tragic ending of the matter.

What it Costs

must be carefully considered by the great majority of people, in buying even necessities of life. Hood's Sarsaparilla commends itself with special force to the great middle classes, because it combines positive economy with great medicinal power. It is the only medicine of which can truly be said "100 Doses One Dollar," and a bottle taken according to directions will average to last a month.

In Germany more than 130,000 married women work in shops and factories.

TAKE HOOD'S Sarsaparilla

That Hood's Sarsaparilla does possess curative power Peculiar to Itself is conclusively shown by the wonderful cures it has effected, unsurpassed in the history of medicine. This absolute merit it possesses by reason of the fact that it is prepared by a **Combination, Proportion and Process** Peculiar to Hood's Sarsaparilla, known to no other medicine, and by which the full medicinal power of all the ingredients used is retained. Hood's Sarsaparilla is a highly concentrated extract of Sarsaparilla, Dandelion, Mandrake, Dock, Juniper Berries, and other well known vegetable remedies. It has won its way to the leading place among medicines by its own intrinsic, undisputed merit, and has now a larger sale than any other similar preparation in this country. If you have never taken Hood's Sarsaparilla a fair trial will convince you of its excellence and merits. Take it this season.

"I can hardly estimate the benefit received from using Hood's Sarsaparilla. Last summer I was prostrated for nearly three months, from poor circulation of the blood as I thought, although my physician treated me for nervous trouble. This spring the same symptoms returned, and I concluded to be my own physician, and began using Hood's Sarsaparilla. I have not lost one day from my work, and feel like a different person." R. J. RILEY, Business Manager Gazette, St. Clairsville, Ohio.

"Macbeth's "pearl top" and "pearl glass" lamp-chimneys are made of tough glass that costs four times as much as common glass; and the work on them costs a good deal more than the work on common chimneys, just as the work on a dress is proportioned to cost of stuff.

The dealer is right in saying he can't afford to sell them at the prices of common glass chimneys.

And what will become of his chimney trade if his chimneys never break? He is apt to be wrong there. He can afford to charge a fair price and give new chimneys for all that break in use.

Have a talk with him.

A REMARKABLE CAREER.

What Honesty and Strict Attention to Business Will Accomplish—Railroad and Shop News.

A brief sketch of the railroad life of Col. Horace Scott, of Indianapolis, who last week retired, after forty years from active railroad service will be interesting to all railroad men. He commenced as a switchman April 9, 1847, at Springfield on the Connecticut river road, at $25 per month. In August he was made a brakeman on the same road at the same wages, and in November he was appointed baggagemaster, at $30 a month. In 1846 he accepted the position of ticket agent at Springfield, Mass., at $30 per month, in 1853 he was made a passenger conductor at $50 per month, in 1854 was appointed superintendent of the Fairhaven road, now a part of the Old Colony road at a salary of $1,000 a year; May 1, 1865, he came west and accepted the position of superintendent of the Jeffersonville, Madison and Indianapolis road, which he held until 1879. While superintendent of the J., M. & I., he was largely instrumental in selling the road to the Pennsylvania company. Since retiring from that position he has projected and pushed to completion several roads, one of them the Belt road at Indianapolis.

The Trades and Labor council and the Clerks' union met in the hall of the former last night, and discussed the question of early closing. Inasmuch as a part of the clothing merchants had decided to keep their stores open in the evening, the council passed a resolution releasing the others from the agreement. They can now use their pleasure in the matter. In the meantime the clerks will continue the war against keeping open after 6 o'clock.

This society was named in honor to the memory of the late Dr. Knapp and the meetings are held twice a month.

Scandinavian sailors predominate on vessels of nearly all nationalities.

STATE NEWS.

Samuel Walton, of Brookville, has a hen which laid a twin egg, each large and fully developed and connected by a band like an old fashioned pair of saddle-bags. One egg had two yelks.

Norman Fitzgerald, of Mishawaka, insisted upon Wm. Hassett drinking with him, and the latter refusing, he assaulted him with a razor, slashing Hassett across the face and inflicting ghastly injury.

Charles Brent, of Louisville, a patient in an insane asylum, escaped to Jeffersonville, and going to the house of his mother, he assaulted that woman and would have choked her to death but for timely interference.

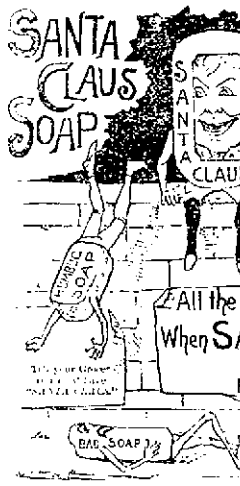

Rev. Mr. Dobson, of Reed's station reprimanded some young toughs who were disturbing religious services, and one of them named Byers attacked him in his pulpit with a knife, but was disarmed before harming the minister.

Dr. J. B. Alexander, aged seventy-nine, of New Albany, is dead. He was troubled with cancer. The deceased was prominent in church and Masonic circles, and for the past ten years he served as a member of the board of pension examiners.

Several years ago Barney Meyers, of Lafayette, was found in a dying condition, due to a fractured skull, and Isaac Norris and John Maher were last seen in his company. Meyers died and these men were sent to the prison north for murder. They always disavowed the crime, and claimed that they were simply helping a drunken man along until they found he could go no farther. Within the past few days developments show that Meyers died of a blow inflicted by a beer mallet in the hands of a saloon keeper, and that the accused were innocent. An effort will be made to secure the release of Norris and Maher. The saloon keeper is dead, and witnesses who saw him strike Meyer are now willing to testify.

The following advertisement, published by a prominent western patent medicine house, would indicate that they regard disease as a punishment for sin: "Do you wish to know the quickest way to cure a severe cold? We will tell you: To cure a cold quickly, it must be treated before the cold has become settled in the system. This can always be done if you choose to, as nature in her kindness to man gives timely warning and plainly tells you in nature's way, that as a punishment for some indiscretion, you are to be afflicted with a cold unless you choose to ward it off by prompt action. The first symptoms of a cold, in most cases, is a dry, loud cough and sneezing. The cough is soon followed by a profuse, watery expectoration and the sneezing by a profuse watery discharge from the nose. In severe cases there is a thin white coating on the tongue. What to do? It is only necessary to take Chamberlain's Cough Remedy in double doses every hour. That will greatly lessen the severity of the cold and in most cases will effectually counteract it, and cure what would have been a severe cold within one or two days time. Try it and be convinced." 50 cent bottles for sale by druggists.

A Woman Best Understands a Woman's Ills.

The experiments of Lydia E. Pinkham that years ago gave to the world that blessing, the Vegetable Compound, were made through a feeling of sympathy for the afflicted of her sex. She discovered that nearly all the diseases of woman have *a common origin*, and therefore may have *a common cure*. As a result, thousands of women in all parts of the civilized world cherish grateful remembrance of Lydia E. Pinkham's Vegetable Compound, and ever bless its discoverer.

"My Work Shall Be Perpetuated."

The perpetuation of Mrs. Pinkham's work was guarded by her foresight from the start. Every suffering woman applying to her received personal attention, and the details of every case *were recorded*. These records are today the *largest in the world*, contain facts not to be found elsewhere, and are now available to the women of the world.

A Savior of Her Sex.

When pain becomes a constant companion; when there is no repose for the sufferer by day or night; when life itself seems to be a calamity; and when all this is *reversed by a woman*, whose only ambition is to do good to others, has she not won the above title? Suffering women who seek Mrs. Pinkham find both a helper and friend.

A Record of a Life's Work.

The entire facts connected with every case ever treated by Lydia E. Pinkham are on record. With the assistance of lady clerks writing at her dictation, over one hundred letters per day have been disposed of, the answers going to ladies in all parts of the world, and the facts compiled in a *library of reference* for the benefit of suffering women. Here is a life's practice of a *woman among women*, and represents the *largest* collection of *facts* the world has ever known.

LYDIA E. PINKHAM'S Vegetable Compound

Has stood the test of many years, and is to-day the only Positive Cure and *Legitimate Remedy* for those peculiar weaknesses and ailments of women, all organic diseases of the Uterus or Womb, and Ovarian Troubles, Bearing down Sensations, Weak Back, Debility, Uterus Tumors, Displacements of the Womb, Nervous Prostration, &c.

Some changes in the internal revenue law made at the last session of congress are of interest to certain classes of dealers here and elsewhere. From and after May 1 retail dealers in tobacco and cigars will not be required to pay for a government license, but will have to register with the collector of the district their name, place of residence and business, the same as though the tax had not been repealed. Failure to register involves a penalty of $50. The same rule applies to peddlers of tobacco. Under the old law the special tax year began May 1, while under the new law it will begin July 1. On the 1st of May all liquor dealers will have to apply for special license for the months of May and June, taking out a new license for the year beginning July 1.

BASE BALL.

The League Cities are Hustling--Fort Wayne Does Not Ask Aid.

Several of the cities are canvassing for support to enter the Northwestern league, and, judging from appearances, all of the clubs will come out first rate. Evansville has issued the following:

"To the Citizens of Evansville:

"After months of hard and unceasing work, we have at last succeeded in placing our city in the Northwestern league of professional base ball clubs. This league is composed of the following cities: Evansville, Terre Haute, Fort Wayne, Grand Rapids, Bay City, Detroit, Toledo and Dayton. It will be seen at a glance that this organization is vastly superior to any this city has ever been connected with. It is a league that is of national importance in the world of sport. As an advertising medium for this city its value cannot be overestimated. Base ball is the cleanest and best of all outdoor amusements, and is emphatically the sport of the masses. The management of the home club is entirely in the hands of our own young men, who are seeking to give the people of this city a season of innocent and exhilerating sport. Our canvassing committee will start out to-day, and we trust they will meet with a generous and hearty response from all classes of our people."

William Meyer says that the Fort Wayne club is "fixed" financially and need not ask a cent of our citizens. A liberal patronage at the ball games will, however, be asked.

NOTES.

Evansville has several good players signed, among them Jore, formerly of the Dayton, Atlanta, Lacrosse, Los Angeles and San Francisco teams. He is a noted base runner and hitter.

Toledo is preparing to come into the league at the meeting next Friday.

George W. Brackett, of Lynn, Mass., has been signed as manager for Terre Haute.

Arthur Boseker, who it was hoped would be a member of the Fort Wayne base ball club, claims he had no intention to play with the home team. Mr. Meyer says different. Boseker says he has an offer to play in Wisconsin and may accept. He is a good ball player, and made a splendid record with Bluffton last year.

The directors of the city league will meet next Friday evening for the transaction of business of importance.

The Fort Wayne club will play Sunday games at Centivre's park.

A SUIT FOR A CHILD!

At any age, from 4 to 14 years, for $2 seems a riduculously low price, dosen't it? But we have them, and when you have seen them you will wonder how such qualities can be sold for such a price. Then, of course we have finer qualities at any price you may want, up to $15.

THE BOYS CAN GET SUITED HERE TOO.

We can fit any boy from 13 to 18 years of age, (long pants) in a suit at any price from $3.50 to $18. Each garment an excellent value and no end to the variety from which to select.
